URGING MEMBERS OF THE UNITED STATES CONGRESS TO ENACT FEDERAL LEGISLATION GRANTING STATEHOOD TO THE PEOPLE OF WASHINGTON, D.C.

WHEREAS, the people living on the land that would eventually be designated as the District of Columbia were provided the right to vote for representation in Congress when the United States Constitution was ratified in 1788; and

WHEREAS, the passage of the Organic Act of 1801 placed the District of Columbia under the exclusive authority of the United States Congress and abolished residents' right to vote for members of Congress and the President and Vice President of the United States; and

WHEREAS, residents of the District of Columbia were granted the right to vote for the President and Vice President through passage of the Twenty-Third Amendment to the United States Constitution in 1961; and

WHEREAS, as of 2020, the U.S. Census Bureau data estimates that the District of Columbia's population at approximately 712,000 residents is comparable to the populations of Wyoming (582,000), Vermont (623,000), Alaska (731,000), and North Dakota (765,000); and

WHEREAS, residents of the District of Columbia share all the responsibilities of United States citizenship, including paying more federal taxes than residents of twenty-two states, service on federal juries, and defending the United States as members of the United States armed forces in every war since the War for Independence, yet they are denied full representation in Congress; and

WHEREAS, the residents of the District of Columbia themselves have endorsed statehood for the District of Columbia
and passed a District-wide referendum on November 8, 2016, which
favored statehood by eighty-six percent; and

WHEREAS, no other democratic nation denies the right of
self-government, including participation in its national
legislature, to the residents of its capital; and

WHEREAS, the residents of the District of Columbia lack
full democracy, equality, and citizenship enjoyed by the
residents of the fifty states; and

WHEREAS, the United States Congress repeatedly has
interfered with the District of Columbia's limited self-
government by enacting laws that affect the District of
Columbia's expenditure of its locally raised tax revenue,
including barring the usage of locally raised revenue, thus
violating the fundamental principle that states and local
governments are best suited to enact legislation that represents
the will of their citizens; and

WHEREAS, although the District of Columbia has passed
consecutive balanced budgets since the 1997 fiscal year, it
still faces the possibility of being shut down yearly because of
Congressional deliberations over the federal budget; and

WHEREAS, District of Columbia Delegate Eleanor Holmes
Norton and Delaware U.S. Senator Tom Carper reintroduced in the
117th Congress H.R. 51 and S. 51, respectively, the Washington,
D.C. Admission Act, that provides that the State of Washington,
D.C. would have all the rights of citizenship as taxpaying
American citizens, including two Senators and at least one
member of the House of Representatives; and

WHEREAS, the United Nations Human Rights Committee has
called on the United States Congress to address the District of
Columbia's lack of political equality, and the Organization of
American States has declared the disenfranchisement of the
District of Columbia residents a violation of its charter
agreement, to which the United States is a signatory; now,
therefore,
BE IT RESOLVED by the Senate of the Thirty-first
Legislature of the State of Hawaii, Regular Session of 2021, the
House of Representatives concurring, that the members of the
United States Congress are urged to enact federal legislation
granting statehood to the people of Washington, D.C.; and

BE IT FURTHER RESOLVED that the State of Hawaii supports
admitting Washington, D.C. into the Union as a state of the
United States of America; and

BE IT FURTHER RESOLVED that certified copies of this
Concurrent Resolution be transmitted to the four members of
Hawaii's congressional delegation.
